Liquid Light Guide  
24 watt Solarc Light Source  
Adapter Lens Protector (optional during use)  
Non-Fluorescent Contrast Filters (polarizer, red, green)

### Dimensions

Height (Max) = 98mm  
Minimum Mounting Clearance = 51mm  
Dovetail = 30° Slope / Minimum Diameter 41mm  
Barrel Length = 110 mm

### Weight

.43 kg (15 oz.)

### Focal Distance

~1.5mm

### Field of View

~350-400um

### N.A. of Condenser

1.2 - 1.4 N.A.

### Microscope Compatibility

Fits on most research grade microscopes. Compatible with C-shaped, O-shaped, and 3-point upright microscope condenser mounts that support diameter requirements (at dovetail diameter) and clearance requirements of the CytoViva adapter. Specialized kits are also available for inverted microscopes equipped with condenser mounts capable of sufficient travel to support oil condenser contact onto the sample.

### Light Guide

Supports 5mm OD (3mm bundle) liquid light guide.

### Oil Requirement

Type A Immersion Oil ( $nd > 1.515$ ) Cargille brand recommended.

### Warranty

One (1) Year from date of purchase.
